## Composting Workshop

Last Tuesday we had an informative visit from Mrs Sally Hughes, Junior Landcare Officer with Corowa & District Landcare. She demonstrated how to make a 'hot compost'. It was a very 'hands-on' workshop, as you can see from the photos.

Yesterday, Mrs Hughes returned to check the progress of our compost heap. It is still composting and it is now starting to resemble soil.

Next week, we plan to use our compost when we plant some potatoes in the vegetable garden. The students are producing individual or joint projects to share their learning with others.
