Education Week

This week we join with all the Public Schools in NSW to celebrate Education Week.

Education week theme is **I Learn, We Learn.**

It is a celebration of our schools' commitment to ensuring:

System-wide improvement

Every student, every teacher, every leader and every school will improve every year.

High expectations for all

A culture of high expectations for our students and our educators sets high standards, which leads to high achievement.

Personalised student learning

By teaching to the strengths and needs of each individual, students will be better able to reach and exceed their potential.

Wellbeing

Every student will be known, cared for and respected.

Creating stronger ties with local communities

Parents and carers are our schools' partners in the education and wellbeing of each student. Partnerships with local businesses and industry create opportunities for our students to contribute to and thrive in society.

Kindergarten Orientation

Planning is underway for Kindergarten orientation. The sessions will be held in Term Four on a Tuesday morning. If you know of any other families who are planning to send their child to Lowesdale Public in 2017 can you please let me know.

Maths in Action

The schools bench seat that was built about 20 years ago has come to the end of its life and needs to be replaced. The Primary students used this opportunity in their Maths lesson to plan, design and measure for the materials needed for this project.
