"Individuals can make a difference"

Term 1 Week 3
 14 February 2018

Infants

The K-2 Health lesson last Wednesday involved us learning about the different things we can do to be sun safe.

We conducted a little experiment to see what happens to a sausage in the sun. We started with four sausages.

Sausage 1 spent the day in the fridge.

Sausage 2 was put in the shade under the seat in the cola after being covered with sunscreen and a hat.

Sausage 3 had sunscreen applied before school, recess and lunch. It spent the day out in the playground in the sun.

Sausage 4 lay on the roof unprotected in the sun.

The students were able to see the differences in the skin of the sausages.

Swimming Carnival

On the 9th of February 2018, Years 3-6 attended the annual Small Schools Swimming Carnival at Yarrowonga Swimming Pool. We were transported by parents to the carnival. We swam against Saverlake, Jerilderie and Urana. Mulwala were at the carnival but had different results due to them not being a small school. The children that were not confident enough to swim 50m went in the novelty races. It was a great day and was a good experience.

During the holidays Terry replaced the seating around this tree. It is a great place to sit to eat lunch or recess.

K-2 Water Fun Activities

Infants enjoyed a water fun day at school, while the primary were at the swimming carnival

A huge thank you to the Wood family for the loan of the water slide.

It was a day filled with extra activities.

Lots of laughter in the game of 'Duck, Duck Splash' !

Bubbles are always amazing, especially the large ones.
